

# Endura-Flo

High capacity silo unloader / distributor

## Benefits

- ✓ More stainless steel for more durability
- ✓ Heavy construction
- ✓ Improved auger
- ✓ Improved blower
- ✓ HD drive

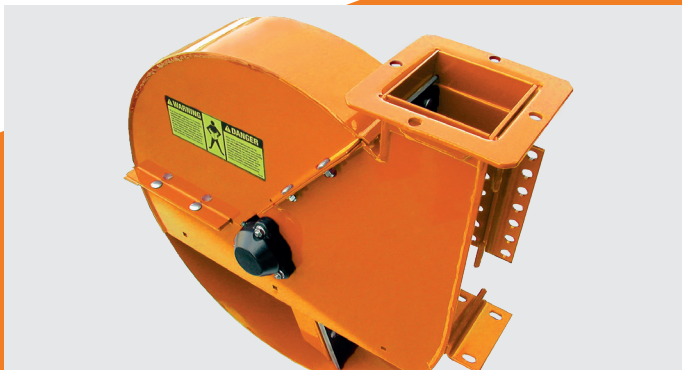

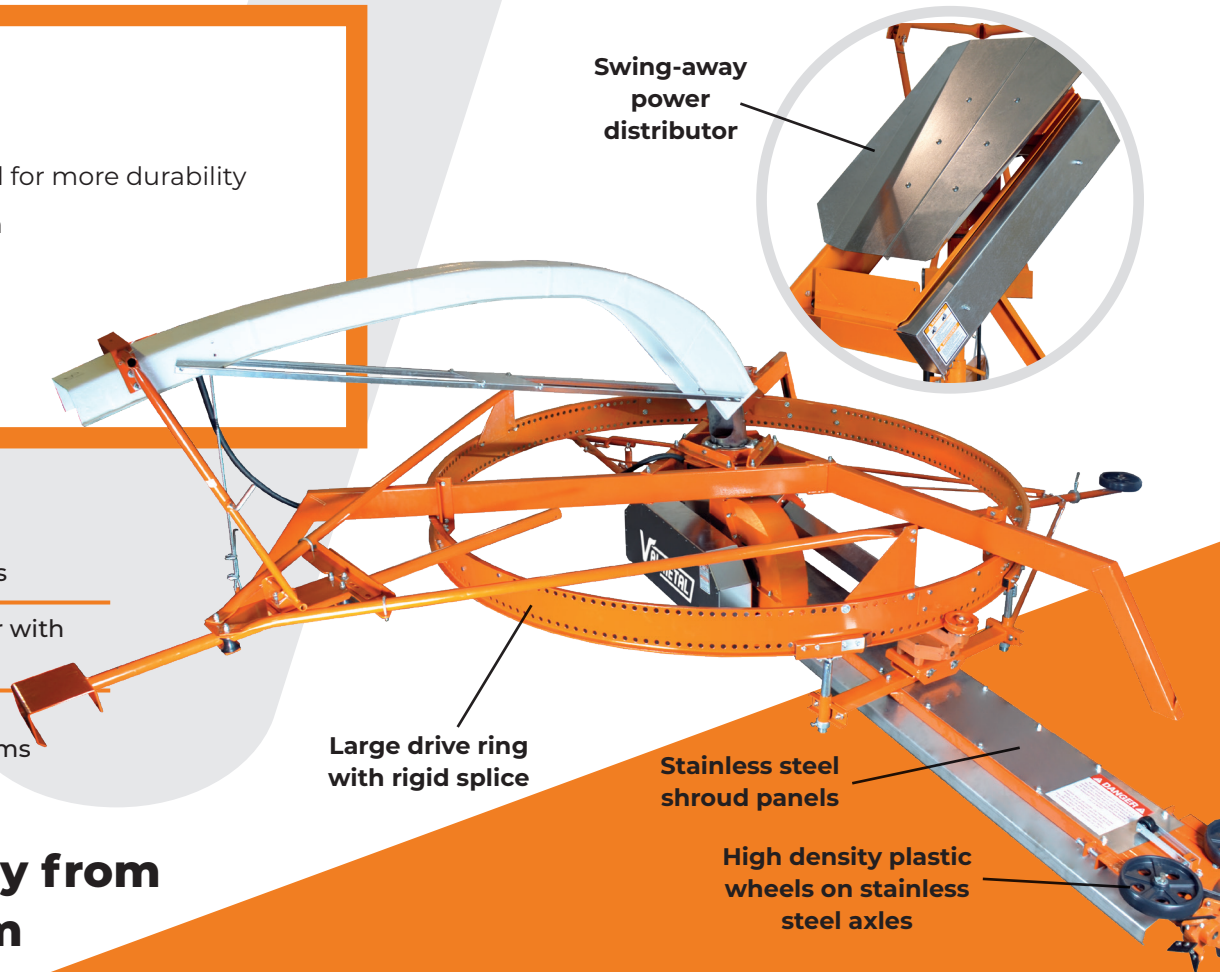

## Features

Multiple ring drive choices

10" (25 cm) diameter auger with extra-thick flying ends

Standard arms for central distributors or high-lift arms for side-fill distributors

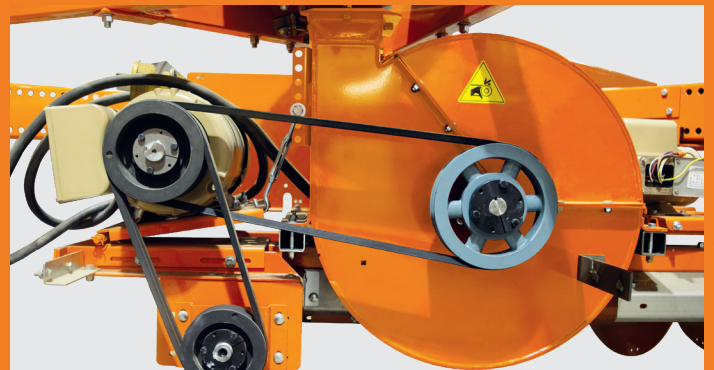

## Dependability from top to bottom

### Blower

The 1/4" thick stainless steel outer band and impeller cups provide long life for the high performance blower\*. Arms can operate either fixed or swinging.

\*Stainless steel sides are available as an option.

### Main drive

The auger gearbox and the blower are each powered by twin belts for trouble-free starting. The tilt & slide motor mount is easy to adjust.
